("PERSEROAN")**

Shubhasish Chatteraj

A senior investment professional in Mergers and Acquisitions, Strategy and Operations with more than 14 years of experience in the life science, medical technology and healthcare industries.

He is a Principal at Ares Asia, leading Healthcare Private Equity investments across Asian markets. He is deal responsible managing Ares' investment in Belo Medical, the leading medical aesthetics clinic chain in the Philippines. Prior to joining Ares, he was a Member of Management of Private Equity Asia - Health & Life Sciences at Partners Group, responsible for global and Asian investments in specialty healthcare, diagnostics, and pharmaceuticals.

In the past, He also served as Asia Pacific Strategic Planning and Commercial Excellence Manager at Abbott Laboratories (Medical Devices Division). He oversaw the commercial launch of the next generation glucose monitoring device "FreeStyle Libre" in Southeast Asia and Australia.

Previously, he was a management consultant in Asia and the US with Bain & Co. and PwC serving healthcare multinationals and private equity clients.

He holds a Bachelor's degree in Technology (Honors.) from Indian Institute of Technology (IIT) Kharagpur and Post Graduate Programme in Management from Indian School of Business (ISB) Hyderabad.

In the EGMS 2025, He will be nominated as Commissioner of the Company.

Seorang profesional senior di bidang investasi dengan spesialisasi dalam Merger dan Akuisisi, Strategi dan Operasional dengan pengalaman lebih dari 14 tahun pada industri ilmu hayati, teknologi medis, dan layanan kesehatan.

Beliau merupakan seorang Pimpinan di Ares Asia, perusahaan terkemuka dalam bidang investasi *Private Equity* di sektor layanan kesehatan untuk pangsa pasar Asia. Beliau bertanggung jawab dalam mengelola investasi Ares di Belo Medical, jaringan klinik estetika medis terkemuka di Filipina. Sebelum bergabung dengan Ares, beliau adalah *Member of Management of Private Equity Asia - Health & Life Sciences* di *Partners Group*, yang bertanggung jawab atas investasi global dan Asia di bidang layanan kesehatan spesialis, diagnostik dan farmasi.

Sebelumnya, Beliau juga pernah menjabat sebagai *Asia Pacific Strategic Planning and Commercial Excellence Manager* di *Abbott Laboratories (Medical Devices Division)*. Beliau bertanggung jawab atas peluncuran alat pemantauan kadar glukosa generasi terbaru dari "FreeStyle Libre" di Asia Tenggara dan Australia.

Sebelumnya, Beliau adalah seorang konsultan manajemen di Asia dan Amerika Serikat bersama Bain & Co. dan PwC yang melayani klien perusahaan multinasional di bidang kesehatan dan *private equity*.

Beliau meraih gelar Sarjana Teknologi (dengan predikat Kehormatan) dari Indian Institute of Technology (IIT) Kharagpur dan Pasca Sarjana Program Manajemen dari Indian School of Business (ISB) Hyderabad.

Pada RUPS Luar Biasa 2025, Beliau diusulkan untuk diangkat sebagai Komisaris Perseroan.
